MXI Security Named Finalist in Info Security Products Guide Global 2010 Awards

Winners Will Be Honored At Palace Hotel, San Francisco on March 18, 2010

February 4, 2010 (Montreal, Canada & Santa Ana, California) – MXI Security, the leader in providing superior managed portable security solutions announced today that Info Security Products Guide, world's leading publication on security-related products and technologies has named the 16GB Stealth MXP® Bio a finalist for the 2010 Global Product Excellence in the Authentication Solution (Multi Single or Two-Factor category). These prestigious global awards recognize security and IT vendors with advanced, ground-breaking products and solutions that are helping set the bar higher for others in all areas of technologies.

2010 Global Product Excellence Award winners will be honored on March 18, 2010 at the Palace Hotel in San Francisco. MXI Security will be amongst the other key industry players at this event.

The 16GB Stealth MXP® Bio is a portable security device able to protect up to 16GB of data with AES 256-bit CBC hardware encryption and strong authentication (biometric, password or both). FIPS 140-2 Level 2 validated, the Stealth MXP® Bio delivers three-factor authentication for network logins/SSO, remote access, and full disk encryption with total portability.

With its 16GB capacity, the Stealth MXP® Bio can be used as a portable desktop and is well suited for storing business files such as confidential data and applications, full details of special projects, sales and marketing materials or even bulky multimedia files without any compromise on data security.

“We are proud to be recognized as a key industry player whose products have been named finalist by Info Security Products Guide,” says Lawrence Reusing, CEO of MXI Security. “Behind this distinguished success is our relentless drive to stay customer focussed. We believe this recognition from Info Security Products Guide is a clear validation to the fact that our products and services are gaining greater acceptance from existing and new customers.”
